

CURRICULUM INTENT

We aim to develop a sense of social awareness, exploring what makes us human and how we can impact the lives of others.

In Drama at Avanti Fields, lessons focus around developing theatrical skills for a live performance, helping students to become confident individuals in front of an audience. Lessons include a range of activities, including scripted and devised work, allowing students to be creative and develop their literacy skills. Students gain valuable knowledge of key Drama concepts with explicit links to the English National Curriculum throughout. This versatile approach to Drama allows students to gain a wider grasp of the complexities of creating their own performances. In addition to this, students will understand how to work collaboratively with others and ensure that they can individually contribute to a project so that they are well equipped with adult life skills, enhancing employability and prospects.

THE AVANTI WAY					
EDUCATIONAL EXCELLENCE	CHARACTER FORMATION	SPIRITUAL INSIGHT			
requires resilience, dedication and high expectations. Perseverance is vital – 'if you make a mistake, don't give up and keep going.' Being part of the audience is as equally important. It encourages listening, respect and concentration. 'We applaud not because they deserve an Oscar but because they had the courage to show and share.'	by exploring others. Focusing on how characters build relationships, uphold values and follow their motivation allows us to see how we ourselves act in this world and develops empathy. The plays studied in Drama are challenging and encourage discussion and debate around morality, how our actions impact others and what happens when we abandon our morals in favour of ambition and power.	Drama uses stimuli and experience to cultivate a deeper, meaningful connection to the world, others and to God. Studying a variety of drama practitioners can allow us to challenge discrimination to create a more positive and integrated society. Drama is an active vehicle to build a sense of community. Performances based on sacred Hindu texts will foster a search for human meaning and purpose, while encouraging spiritual reflection and appreciation of the ancient, timeless voice.

ASSESSMENT AND FEEDBACK					
Students are assessed regularly in Drama through a combination of formative and summative assessments.					
Topics will link to one of three areas- Devising Theatre (CO1), Scripted Theatre (CO2) or Analysing and					
Evaluating Theatre (CO3)					
Students will receive timely feedback after each assessment, following the whole school 'Strengths,					
Improvements, and Actions' (SIA) policy. During performances, students will conduct a peer and self-					

Improvements, and Actions' (SIA) policy. During performances, students assessment where targets will be set for the next topic.

FORMATIVE ASSESSMENT: With the exception of live theatre evaluations, all lessons at KS3 will be focused on practical work. Every lesson will offer students a chance to reflect on the work of others through regular feedback. The last part of lessons has an "assessment phase", where students' practical work is compared to the expectations linked with the learning outcomes for that lesson.

SUMMATIVE ASSEMENT: There are two/three summative assessment tests per year at KS3. These will use either the CO1 or CO2 criteria. CO1 will focus on performing theatre in a style of a genre/practitioner and CO2 will focus on characterisation.

festivals. Rehearsals for shows will take between 2 and 3 half terms. To uphold a high standard of performance, students are expected to attend all rehearsals.

Throughout the year, students will have the opportunity to engage in various theatre trips. Drama aims to offer a theatre trip to each year group throughout the year. Students who attend Drama club and have a keen interest in continuing to study GCSE Drama will get priority on these trips. Students and parents will be informed of all opportunities as and when they are organised.
