RE: Homework Framework

Dear Families,

I am writing to provide you with information regarding our renewed homework framework (attached to email and available on website shortly).

The three key principles to our homework framework are:

- Aiding long-term memory through retrieval of prior learning;
- Building a dialogue of learning between home and school;
- Teaching children good habits about valuing and being responsible for their learning.

Summary:

- Nightly reading expected from all pupils;
- Weekly homework will be set by class teacher on a Friday and received back by Wednesday;
- Homework will consist of spelling, times tables, maths and topic;
- Teachers will take note of progress of spellings and timetables.

Special or additional needs:

For pupils with specific needs, a bespoke agreement regarding homework will be made between the SENDco, Teacher and Parent/Carer.

Class teachers will set homework from end of w/c 07.09.20.

Your Sincerely,

Ashley Milum
Principal
