### **AGS COVID'19 RISK ASSESSMENT (Reviewed 05.01.21)**

This risk assessment is date-specific. September updates are highlighted in green. November additional updates are highlighted in purple. January 04.01.21 updates are highlighted in light blue. January 05.01.21 highlighted in yellow

All schools should adapt this for their use taking account of particulars of their specific building.

If adapting existing risk assessments changes should be highlighted. All changes need to be Equalities Impact –Assessed and please note link to Vulnerable Person's Risk Assessment <http://intranet.bcc.lan/ccm/content/articles/people/health-wellbeing-work/covid-19-risk-assessment-form.en>

Read alongside guidance entitled 'Supporting Bristol children and young people returning to formal education following the COVID 19 outbreak' is available on the Learning City webpage under the Education tab at <https://www.bristollearningcity.com/bcc-guidance-supporting-the-return-to-formal-education>

**Please note: there are a lot of links in this Risk Assessment which refer to the same document.**

**SCHOOLS MUST SUBMIT NEW 'Schools' Assurance Form for Full Opening in September 2020 (Covid-19)' to BCC.**

<https://www.gov.uk/government/publications/schools-and-childcare-settings-return-in-january-2021/schools-and-childcare-settings-return-in-january-2021>

To address the possibility of being infected with or transmitting Covid-19 during all of a school's activity, Government advice (as of 15.5.20) stated: The virus that causes Covid-19 is mainly transmitted through droplets generated when an infected person coughs sneezes or speaks. These droplets are too heavy to hang in the air. They quickly fall on floors or surfaces. The advice for schools, colleges and childcare settings was to follow steps on social distancing, handwashing, good and cleaning of surfaces as now described in

<https://www.gov.uk/government/publications/staying-alert-and-safe-social-distancing>

Government guidance is based on their findings that:

- severity of disease in children – there is high scientific confidence that children of all ages have less severe symptoms than adults if they contract coronavirus
- the age of children – there is moderately high scientific confidence that younger children are less likely to become unwell if infected with coronavirus

In all education, childcare and social care settings, preventing the spread of coronavirus (COVID-19) involves dealing with direct transmission (for instance, when in close contact with those sneezing and coughing) and indirect transmission (via touching contaminated surfaces). A range of approaches and actions should be employed to do this. These can be seen as a hierarchy of controls that, when implemented, creates an inherently safer system, where the risk of transmission of infection is substantially reduced. These include:

- minimising contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend childcare settings, schools or colleges
- cleaning hands more often than usual - wash hands thoroughly for 20 seconds with running water and soap and dry them thoroughly or use alcohol hand rub or sanitiser ensuring that all parts of the hands are covered
- ensuring good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach
- cleaning frequently touched surfaces often using standard products, such as detergents and bleach
- minimising contact and mixing by altering, as much as possible, the environment (such as classroom layout) and timetables (such as staggered break times)

**For September these adapted, essential measures include:**

- a requirement that people who are ill stay at home;
- robust hand and respiratory hygiene;
- enhanced cleaning arrangements;
- active engagement with NHS Test and Trace;
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable;
- cleaning supplies in each classroom;
- Pupils' temperature measured upon entry;

- One-way corridors implemented;
- Staffroom one-way system implemented.
- Staff to no longer use disabled toilet outside reception (now year 5/6 toilet);
- Pupils no longer able to be collected by other households other than the following exceptions:

- early years settings and childminders remain open, and parents of under-5s can continue to use these settings as normal
- parents will be able to access other childcare activities (including wraparound care) where reasonably necessary to enable parents to work, seek work, attend education or training, or for the purposes of respite care for carers
- nannies will be able to continue to provide services in the home
- parents are able to form a childcare bubble with another household for the purposes of informal childcare, where the child is 13 or under
- some households will also be able to benefit from being in a support bubble, which allows single adult households to join another household

- No congregating outside of the school;
- Hands, face (adults) and space followed.
- Contact with teachers will be conducted via telephone;
- If entering reception for drop-off collection outside of normal times, mask must be worn;
- Classroom windows open (within reason) and doors propped open to allow fresh airflow.
- **How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:**
- grouping children together by year group;
- avoiding contact between groups by zoning the playground and avoiding gatherings (assemblies and lunch hall);
- arranging classrooms with forward facing desks;
- staff maintaining distance from pupils and other staff as much as possible.
- No congregating
- No families on site unless emergency;
- Staff meetings to be conducted via TEAMS;
- Only emergency/urgently required visitors permitted on site (must follow hands, face, space guidance);
- Admin/Site and SLT bubble revision;
- Staff to eat in own classrooms (no staff mixing beyond bubbles);
- Staff room congregating cannot happen - through way only for collecting drink;
- Photocopier room one in one out with door propped open;

All schools should also review and update their wider risk assessments and consider the need for relevant revised controls in respect of their conventional risk profile considering the implications of coronavirus (COVID-19). This risk assessment should be shared with staff, the wider school community and pupils (where appropriate). Trade Unions should be consulted with.

In January, the DfE explained that Primary Schools should continue to follow the guidance as follows: <https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools>

January 05.01.21 national lockdown updates:

- Clinically extremely vulnerable staff will be working from home full time;
- Only key worker and vulnerable pupils in school;
- Key stage bubbles created
- Staff rota'd to eliminate unnecessary time spent in school
- a requirement that people who are ill stay at home;
- robust hand and respiratory hygiene;
- enhanced cleaning arrangements;
- active engagement with NHS Test and Trace;
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable;
- cleaning supplies in each classroom;
- Pupils' temperature measured upon entry;
- One-way corridors implemented;
- Staffroom one-way system implemented.
- Bubbles toilets created (Ks2: Year 6 toilet. EYFS/KS1 - Year 3 toilets);
- Pupils no longer able to be collected by other households;
- No congregating outside of the school;
- Hands, face (adults) and space followed.
- Contact with teachers will be conducted via telephone;
- If entering reception for drop-off collection outside of normal times, mask must be worn;
- Classroom windows open (within reason) and doors propped open to allow fresh airflow.
- **How contacts are reduced will depend on the school's circumstances and will (as much as possible) include:**
- grouping children together by key stage;
- avoiding contact between groups by zoning the playground and avoiding gatherings (assemblies and lunch hall);
- arranging classrooms with forward facing desks;
- staff maintaining distance from pupils and other staff as much as possible.
- No congregating
- No families on site unless emergency;
- Staff meetings to be conducted via TEAMS;
- Only emergency/urgently required visitors permitted on site (must follow hands, face, space guidance);
- Admin/Site and SLT bubble revision;
- Staff to eat in own classrooms (no staff mixing beyond bubbles);
- Staff room congregating cannot happen - through way only for collecting drink;
- Photocopier room one in one out with door propped open;

Read alongside BCC guidance on Returning to Education <https://www.bristollearningcity.com/bcc-guidance-supporting-the-return-to-formal-education/>

All schools should have completed Bristol City Council CHaSMS.  
 All changes and risk assessments should be Equality Impact Assessed and proper consideration should be given for protected characteristics.  
 All pupils and their parents/ carers will need to be informed and reassured of the measures in place to control the possibility of infection with or transmission of Covid-19. The changes implemented should be Equality Impact Assessed and proper consideration given for protected characteristics.

**IMPORTANT: If you or someone in your home has a symptoms of Covid-19 (a new, continuous cough or a high temperature, or has a loss of, or change in, their normal sense of taste or smell (anosmia)), STAY AT HOME and CALL 111 or <https://www.nhs.uk/conditions/coronavirus-covid-19/symptoms/> <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance>**

## SECTION 1- Identifying Hazards and Existing Precautions

## Section 2 - ACTION PLAN – what additional precautions the school has to put in place

What is the Hazard You Need to Control?	What additional precautions do you need to either eliminate the risks or to reduce the risk to: at least the MEDIUM RISK RATING or ideally the LOW RISK RATING.	Who is Responsible For Implementing These Controls?	When Are These Controls to be Implemented (Date)?	When Were These Controls Implemented (Date)?
Buildings and systems e.g. heating will not be functioning safely after period of closure or partial closure	Government guidance: All systems should be checked: heating, water safety, CCTV, kitchen, fire alarm and safety systems, gas, security, ventilation, fire exits etc. A deep clean will be needed following cleaning guidance.	Site staff	01.09.20	03.09.20
Air-conditioning system circulates virus present in school	Follow <a href="https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation.htm">https://www.hse.gov.uk/coronavirus/equipment-and-machinery/air-conditioning-and-ventilation.htm</a>  Classroom windows open (within reason) to allow airflow with door propped open.	Site staff	na	NA- we do not have Air Con. and updated on 05.11.20
Transmission of or infection with Covid-19 during travel to and from schools	Avoid use of public transport wherever possible and use staggered start times to alleviate pressure on public transport Where unavoidable follow PHE guidance <a href="https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers">https://www.gov.uk/guidance/coronavirus-covid-19-safer-travel-guidance-for-passengers</a> <b>School Transport.</b> Parents do not have access to school-based transport; they are encouraged to walk or cycle. Bike sheds are zoned for each bubble. See 'Guidance for Full Opening' referenced at the top of the document for ways of working with BCC.	All staff and visitors	01.09.20	03.09.20
Transmission of or infection with Covid-19 due to inappropriate staffing allocation	<b>Staffing allocation by Headteacher may need to be done on a daily basis and consider the following:</b>  Authorisation onto the school site will be by the Headteacher.  <b>No persons should enter the site if they have Covid-19 symptoms.</b>  All staff (incl.PPA, Supply cover, peripatetic etc.) medical needs to be discussed with the Headteacher prior to them entering the school. Contingency planning to be reviewed in the light of possible absence of key staff e.g. caretaker/site manager. Government guidance says that the relaxation of the shielding measures and the reduction in prevalence of covid-19 means most of a school's workforce should attend. The risk to staff who were shielding etc. is mitigated by using all these controls. However the advice to those in the most at risk categories is to take particular care while community transmission rates continue to fall See: <a href="https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools">https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/guidance-for-full-opening-schools</a>	Headteacher	01.09.20	03.09.20 and updated on 05.11.20 & 04.01.21

	<p>Staff must have read the risk assessment and agree to adhere to it before entering. <b>All staff to have completed self-assessment.</b></p> <p>Recruitment: <a href="https://teaching.blog.gov.uk/2020/05/29/recruiting-during-lockdown-how-we-did-it/">https://teaching.blog.gov.uk/2020/05/29/recruiting-during-lockdown-how-we-did-it/</a> and see Full Opening document</p> <p>Suitable and sufficient provision must be made for the provision of first aid, physical intervention, emergency procedures response, etc.</p> <p>Review positive handling strategies/policies (behaviour strategies/policies) where needed. <b>Consider implications of trauma staff or pupils may have suffered: See BCC 'Returning to Education Guidance' referenced at top of this document</b></p> <p><b>For pupils with complex needs who will struggle to maintain as good respiratory hygiene as their peers an individual risk assessment must be carried out.</b></p> <p>It is accepted that social distancing cannot be maintained during the delivery of first aid or physical intervention, but physical contact should be kept to a minimum, and those administering first aid should wear PPE appropriate to the circumstances. Wash hands and ensure the affected area is cleaned upon completion. <b>See <a href="https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care">https://www.gov.uk/government/publications/safe-working-in-education-childcare-and-childrens-social-care</a></b></p> <p>Staff to follow social distancing guidance in offices/staff rooms/close working in rooms etc.</p> <p>There is an emphasis on ensuring social distancing, therefore the smallest number of staff are allocated to a classroom – they are spread out across the school site and in classroom bases.</p> <p><b>Any lone working should be subject to a review of a school's policy.</b> See: <a href="http://intranet.bcc.lan/ccm/navigation/support-services/safety-at-work/lone-working/">http://intranet.bcc.lan/ccm/navigation/support-services/safety-at-work/lone-working/</a> Or <a href="https://www.hse.gov.uk/lone-working/employer/index.htm">https://www.hse.gov.uk/lone-working/employer/index.htm</a></p> <p>Staff to avoid the use of the staff room unless for individual use when using essential equipment. infection with Covid-19 due to poor hygiene	<p>Maintenance of good hygiene is essential: Providing additional handwashing facilities will aid this. Use soap and water for at least 20 seconds using hand washing technique to be adopted as directed by NHS guidance. Use alcohol-based hand sanitiser if soap and water is not available.</p> <p><b>Toilets for pupils should be clearly labelled for each group's use.</b></p> <p><b>Face coverings are not advised by PHE or government guidance in school – however staff may use visors if they choose.</b></p> <p>Avoid touching hands to face but if necessary clean before and afterwards.</p> <p>Cover your cough or sneeze with a tissue then throw it in the bin. Have extra tissues available. If tissues cannot be reached in time cough into the crook of your arm.</p> <p>Restrict the number of people using toilet facilities at any one time e.g. staff to supervise.</p> <p>Provide suitable and sufficient lidded bins for hand towels with regular removal and disposal <b>and tissues available close to hand around the buildings.</b></p> <p>Sites may need extra supplies of soap, hand sanitiser and paper towels and these should be securely stored.</p> <p>Talks <b>must</b> be carried out for all people on site, warning them of the risks posed by the virus as well as the control measures outlined in this assessment and from government guidance. This will include informing people of the known symptoms. <b>Hands, face and space adhered.</b></p> <p>Enhanced cleaning across school day and deep clean by Site Manager, SMSAs and Cleaners.</p>

<p>Transmission of or infection with Covid-19 due to congestion in assemblies</p>	<p>If it can be guaranteed that all people are observing 2m social distance smaller group assemblies can take place but consider streaming as an alternative.</p> <p>Group assemblies can take place with as close to social distance as possible. Consider streaming as an alternative.</p> <p>Actions:</p> <p>Assemblies will be done via TEAMS.</p>			
<p>Transmission of or infection with Covid-19 due to classroom congestion</p>	<p>Staff are to maintain a safe distance between each other (2 metres) wherever possible. Children must be encouraged to do the same. In particular, they should avoid close face to face contact and minimise time spent within 1 metre of anyone.</p> <p>In classrooms children should be sat side by side, not facing each other, Staff should stay at the front of the room within 2m marked zone.</p> <p>Maintaining distinct groups or 'bubbles' that do not mix makes it quicker and easier in the event of a positive case to identify those who may need to self-isolate, and keep that number as small as possible. Schools must do everything possible to minimise contacts and mixing while delivering a broad and balanced curriculum. Which of the two measures used, maintaining distancing and keeping groups separate, will be dependent upon the age of children concerned and the space available in the buildings. Groups should be kept apart, not share rooms/spaces or resources as far possible.</p> <p>Keep a simple record of children and staff in each group, where they go and who they have contact with in school.</p> <p>See 'full-opening' guidance July 2<sup>nd</sup>2020 for guidance on how to group children.</p> <p>All persons are to wash their hands upon entering classrooms and following visits to the toilet.</p> <p>Strict hygiene rules to be implemented, all staff to be asked to do the following:</p> <ul style="list-style-type: none"> <li>• Wash hands on entry.</li> <li>• Use alcohol-based hand sanitiser.</li> <li>• Wash hands every hour.</li> <li>• Wash hands if face is touched (but avoid wherever possible and if needed wash hands first)</li> <li>• All hand contact surfaces to be cleaned throughout the day.</li> </ul> <p>Only use cleaning products supplied by the school.</p> <p><b>Equipment:</b> Ensure all equipment used is cleaned daily or more often when used. Individual and very frequently used equipment such as pencils/pens should be kept and used by one person only. Sports, art and science materials should be cleaned between different groups' uses or left out of use for 48hours (72 for plastics). Equipment brought from outside school should be kept to essentials only. Resources such as books should be taken home only if they are essential to home learning and should be isolated as with other shared equipment upon return and hands washed after handling.</p> <p>Staff to staff interaction;</p> <ul style="list-style-type: none"> <li>• No physical contact.</li> </ul>	<p>All staff</p>	<p>01.09.20</p>	<p>03.09.20</p>

<p>Transmission of infection with Covid-19 during school activities</p>	<p>Music lessons involving singing, chanting, playing wind instruments - reduce the risk, particularly when pupils are playing instruments or singing in small groups such as in music lessons by, for example, physical distancing and playing outside wherever possible, limiting group sizes to no more than 15, positioning pupils back-to-back or side-to-side, avoiding sharing of instruments, and ensuring good ventilation.</p> <p>PE: Keep consistent groups, clean equipment between groups, no contact sports. Use outdoors as a priority but if not available use the maximum distance possible indoors. Consider the likelihood of accidents occurring and necessitating close contact with pupils.</p> <p>Use of indoor sand trays is possible if cleaned/dried between different groups' use.</p> <p>Modeling/Playdough or paint should not be shared. Stress	<p>It should be recognised that all staff will be experiencing a higher than normal level of stress. Measures to control this should be considered according to the needs and the working practices of each school.</p> <p>The curriculum will need revision. Teaching staff must be involved in the creation of processes and schemes of work which will enable children to return safely and to continue their learning. These must be realistic and holistic. Expectations will need to be different and a period of review of new practice (pedagogy) must be undertaken giving staff the opportunity to adapt and evaluate before formal assessment of their performance or assessments of children's attainment begins. It should be noted that many routine activities will take more time to complete. (Aim to return to the school's normal curriculum in all subjects by summer term 2021. See Full Opening Guidance for detail on curriculum.)</p> <p><a href="https://www.gov.uk/government/collections/case-studies-remote-education-practice-for-schools-during-coronavirus-covid-19">https://www.gov.uk/government/collections/case-studies-remote-education-practice-for-schools-during-coronavirus-covid-19</a></p> <p>Engage with workload reduction <a href="https://www.gov.uk/guidance/school-workload-reduction-toolkit">https://www.gov.uk/guidance/school-workload-reduction-toolkit</a></p> <p>Schools should closely monitor the wellbeing of their pupils as they manage change and offer supports.
