RE: AGS Town hall Meeting

Dear families,

We are delighted to see that many parents and carers have registered for the Town hall meeting on 24th May 2021 from 4pm-6pm. We are interested in having every single parent in our community attend this event as we will collectively engage in two discussions:

1. Firstly, we will discuss the improvement work that has taken place followed by plans and thoughts for the future. This sharing will be followed by some time for parents to discuss amongst each other, ask questions, and provide some reflections. The purpose of this exercise is to be completely clear about our goals as a school, and how we intend to work towards them.
2. The 2nd dialogue will be one about parental engagement, what we believe to be an essential part of a successful school. The purpose of this exercise is to clarify expectations and outline how we can work in partnership to support the children. This agreement will outline:
 - a. Why do we engage with each other
 - b. What values guide our behaviour when engaging
 - c. What types of engagement are there, and when will they be used/
 - d. Roles clarity – who will do what
 - e. Communication channels – how do we do talk to each other with care and respect

Seeing as how important this is, we invite all parents to join the conversation so we can move forward in partnership. Please register here:

We look forward to seeing you soon,

Yours faithfully,

Ashley Milum
Principal
