

Tuesday 21st September 2021

Dear parents and carers of Ash Class,

We are delighted to be offering Forest School lessons at Avanti Hall.

Your child had their first Forest School lesson this week, where they started thinking about safety and what a forest school session might look like.

Ash class will have their Forest School lesson on a Wednesday Week A.

We will spend each lesson in the woods and around the school site. We will be outside for the lesson duration even if the weather is wet/cold so students need to have appropriate clothing.

They will need to wear:

A waterproof coat

Waterproof trousers (warm, old trousers that can get wet/muddy would be an acceptable alternative)

Wellies (walking boots or even old trainers would be an alternative)

The students will be able to leave these items at school in a safe place on the day of their forest school lesson. The students will be wearing their school uniform underneath their waterproofs.

If you have any old spare waterproofs/wellies we would love to accept donations at school to keep for spares.

If you have any questions about Forest School, please do contact me.

Yours sincerely,

Harriet English

Forest School Lead
