

$7 + 4$

Split 4 into and

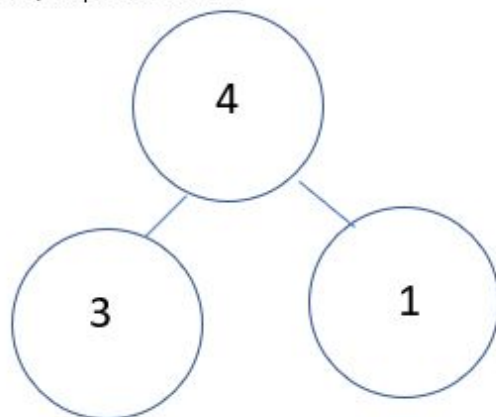

1. We need to fill the Ten Frame first

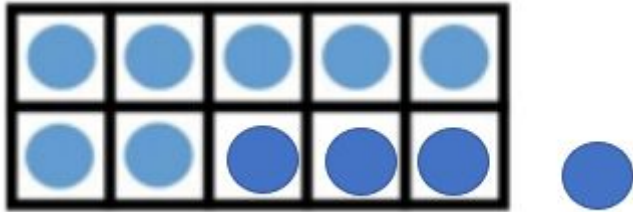

2. It already has 7. What two parts will I need to split the number 4 to fill the Ten Frame?

3. Answer is

Part part|whole model

4. So the Ten Frame becomes:

5. $10 + 1 = 11$ ($7 + 4 = 11$)
