

# Games and Resources

*The games below help children to develop a strong 'number feel' and develop early calculation strategies. The games are also simple and enjoyable to play!*

## Connect 4

The connect 4 games are played in pairs. Take turns to roll two dice: either find the sum or the difference of the numbers on the dice and choose the number to cross off. The winner is the first person to connect 4 boxes. This game improves calculation fluency and also develops strategic thinking!

Sum Connect 4

Roll two dice; cross off a number that is the sum.
