

Year 4 Easter Holiday Homework

1) Research Project:

We would like you to create a PowerPoint presentation about the Easter story. This project should allow you to practise your Art, Computing, English and PRE skills. We would like to spend a few days working on your presentation. Think about headings, sub-headings, pictures (you can draw your own and upload the pictures onto the PowerPoint), interactive questions, etc. There is a PowerPoint which you can use **for your information only, we do not want you to copy ANY part of the text.** Get creative!

2) Maths Easter Egg Hunt

We would like you to create your own home Easter egg hunt for your parents/carers/siblings or any other family member you may live with. You need to think about very challenging Maths questions using your knowledge of fractions and any other areas in Maths which we have learnt about recently.

Instructions:

1. Create 20 challenging Maths questions based on what we have learnt
2. Create an answer sheet.
3. Use your Art skills to create Easter eggs or any other 'prize' that your family member will find along with the Maths question. Decorate it, paint it, make it beautiful!
4. **Optional:** Create riddles at each hiding place to help your family member find the next Maths questions (For example: What's always running but has no legs? A fridge.)

5. Place your Maths questions, Easter eggs or prizes and riddles around the house. Good luck to your family members! Have fun watching them!

Craft ideas and links:

3) 'Mystery of the Easter Bunny Costume'

Complete the Maths questions on the document. Can you solve the mystery?

4) Use your online tools!

Don't forget about Bug Club, Mathletics, Timetable Rockstars, SPAG online, etc.!

HAPPY EASTER YEAR 4!

From Mrs Sandhu, Mrs Sharda, Mrs Jani and Mrs Joshi
