

29th June – 2nd July 2020

The World Around Us

(Art Week)

Please go through the slides for information and lessons for the week.

Consistency – home and school learning

At school, we will be working from 4 timetables as the children attending school will be split into 4 groups to maintain social distancing.

One of these timetables has been used as a baseline for the week's lessons. All lessons will be covered by all 4 groups, however at school, timings may differ as we have to consider Sanskrit, PE and Music.

As it is the second week back at school for children attending, we will be moving the discussion towards current affairs, how they feel about new school routines and their wellbeing.

Each slide has information of the activities we will be doing with the children in school. You have been provided with details and resources to complete the same activities with your child at home.

Please complete answers/learning reflections on the Google Docs provided. There has been one created for each day of learning.

Please note, if your child does not get through all the learning on one day, they can continue the day after.

We will check work on Friday. Please submit the assignment altogether by Friday morning.

- *Please remember the teachers are in school full time Monday to Thursday hence there will be a delay in answering any questions or queries on Google Classroom.*
