

Dear Parents/Carers,

We are trying a new approach to homework. Homework is given in the form of a menu for year 1 pupils to reduce pressure on parents. Their homework will be on our website under your child's class page. The tasks will be relevant to the concept and topics we teach each half-term. There is no need to submit a paper copy of your child's homework.

Children can choose from their homework from the below grid. It can be any number of pieces, but homework choices are **to last all half term**. Please do not feel you have to do all of them. Just choose as many as or as few as you/your child would like or able to do. We will carry out spelling test every Friday in class.

If you have any questions, then please ask your child's class teacher or alternatively you can email the school office.
