speech to the government

I am standing here today, to fight for an event that could go down as our darkest time in history. Have you ever been discriminated? Do you know what it feels like? As you may be aware, the Windrush generation are currently going deportation. These people have done so much and this is what you give them in return? This generation would have been remembered as dedicated citizens but because of you they will be remembered as illegal immigrants!

You promised this generation compensation after their loss. When it looked like you were about to amend your mistakes, you delayed it. Instead you wrongly classified them as illegal immigrants. Paulta Wilson was one of the many people invited to come help rebuild this country. She campaigned for compensation as it would help the Windrush generation after their suffering. She spent her whole life dedicated to this. However she died unsuccessful as the compensation still wasn't agreed. This is one of the many ways you denied the Windrush generation during the way they should have lived.

Despite the fact Priti Patel is an adolescent of our country. As a fellow Indian I am embarrassed that she wants to represent our homeland this way. If this rule was taken into action before, she wouldn't be here. Do you know that England is the most diverse country. This rule will not
