

It's just unacceptable of how our secretary, Priti Patel, lied about the immigration as well as the citizenship of the Caribbeans and Jamaicans. It's unimaginable of how Mrs. Patel lied on behalf of the Government.

Our healthcare is free, which is acceptable in my perspective but that only happens if you're classified as a legal citizen. People then suffered, died and are being threatened because of your actions. We advertised jobs, therefore, they came here to get one but what did we do? We snatched that dream away! Tons of people paid their taxes, later on, we departed them away, without giving them a penny for the compensation scheme. Also, the compensation scheme was delayed, why?

Mr McIntyre was a kid when his whole family moved to Britain because his father was going to get a job. Decades later, the Government told him and his family to depart from this country since we thought that he was an immigrant but he knew he wasn't.

The Hostile Environment policy was an action that helped the world in a way that that made it easier for everyone but for the Windrush generation, it was very hard to cope under these circumstances. Why did the Home Secretary decide to depart them back and not get a new passport? The Home Secretary's actions have caused misery to people in Jamaica and Caribbean. In fact, her actions will not be forgiven and this is just disastrous and mockery.

In conclusion, we won't tolerate any of your actions that were, in my opinion, useless and harmful. We all have come together and
