## Subject: English Reading

Reading lies at the heart of the curriculum at Avanti House Primary School where we strive to help our children develop into articulate and imaginative communicators, who are well-equipped with the basic skills they need to become life-long learners and make the world a better place. We aim to ensure all of our children develop a genuine love of language and the written word through a literacy-rich environment, high quality texts and inspiring learning opportunities. By the end of their time at primary school, all children should be able to read fluently, and with confidence, in any subject in their forthcoming secondary education. We therefore intend to encourage all pupils to read widely across both fiction and non-fiction to: develop knowledge of themselves and the world in which they live; to establish an appreciation and love of reading; to gain knowledge across the curriculum, and to develop their comprehension skills.
