

# Sponsored Read

TO HELP INDIA BREATHE

Dear Families,

As you are aware, there is an urgent crisis appeal to support and raise funds for the devastating second wave of COVID in India. The Avanti Trust have partnered up with the Lotus Trust to raise funds to deliver oxygen tanks to India. They are also raising funds for new Covid nursing facilities across India.

Like you, we feel extremely saddened to see the suffering of hundreds of thousands being affected and therefore, we are holding a sponsored reading fundraising event for all staff, children and parents to take part in.

If you are able to support us, please encourage the children to take part by asking family members and friends to sponsor the children to read as many books as they can, from today until Friday 7th May, and record this on the attached sponsor form.

After the sponsored read, please send the sponsor form and the money that has been raised to the school, by no later than Monday 10th May.

Alternatively, you can donate the sponsor money directly to the Lotus Trust through [www.justgiving.com/indiabreathing](http://www.justgiving.com/indiabreathing)

Thank you.
