

Focus on... Mathematics

#59

On this day in...

On 16th September 1963, The Beatles released the song 'She Loves You' in the US. It sold over 1,300,000 copies in the UK but only 1,000, when released in the US, due to many Americans not knowing who they were.

Fun Facts...

16 is an even composite number. It is composed of a single prime number multiplied by itself three times.

16 squared (16^2) is 256

16 cubed (16^3) is 4096

16 is a perfect square number. Its square root is 4.

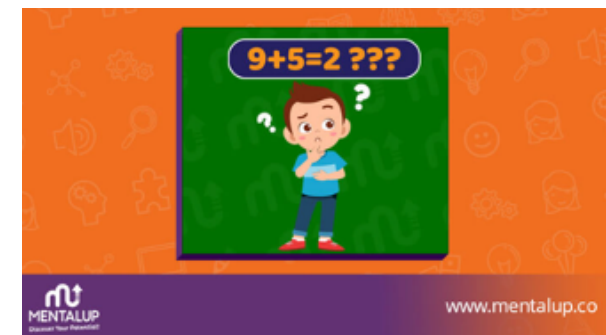

The cube root of 16 is 2.5198420999.

Go explore...

September 16th is the 259th day of the year (260th in leap years) in the Gregorian calendar. 106 days remain until the end of the year.

If September 16th is 106 days away from the end of the year, how many hours, minutes and seconds away from Christmas Day is it?

Picture this...

I add five to nine and get two. The answer is correct, but how?
