

Focus on... History

#80

On this day in...

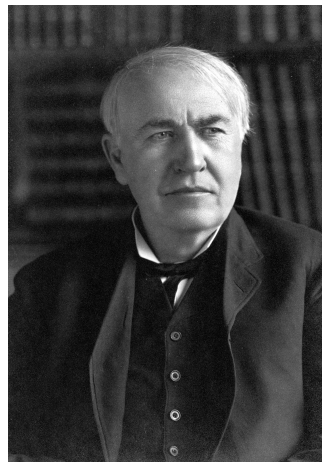

1666, Samuel Pepys recorded in his diary that Charles II had started wearing the first known waistcoat. The King was so overweight that he left the bottom button undone, a fashion custom followed to this day.

Did you know...

Through different periods in history people have believed the Earth to be either flat or a square. Can you find out who believed this?

Go explore...

Which famous inventor said this? "Opportunity is missed by most people because it is dressed in overalls and looks like work."

Picture this...

Scientists have found that the seven continents of the world were once joined together and made a supercontinent named Pangea. Can you find out why they split to make the continents we know today?
