

# Focus on... Mathematics

#117

On this day in...

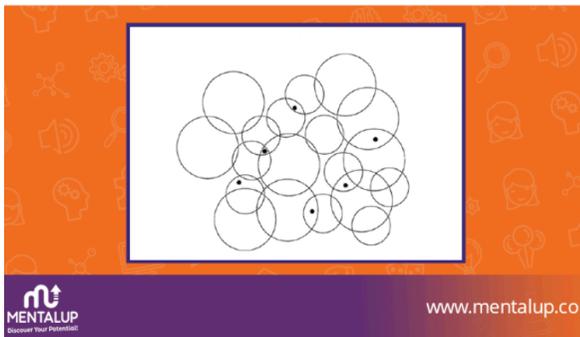

In 1265 the first English Parliament (not ruled by royalty) was summoned by Simon de Montfort, Earl of Leicester and met in Westminster Hall

Fun Facts...

Take any number, and multiply it by **three**. Then, take the digits of that new number and add them all together. Whatever number that equals will always be divisible by three, no matter what number you started with.
