

Focus on... Enterprise

#122

On this day...

in 1807, London's Pall Mall was the first street lit by gaslight.

Did you know...

The wheel was invented in 3500 BC. Imagine how hard it would have been to transport things across land without wheels. The most difficult part though was connecting a platform that would remain still when the wheels started turning.

Enterprise Skills...

CREATIVITY AND INNOVATION

This is about the generation of ideas and concepts, making things or even taking a new approach to teaching and learning. Be imaginative, think 'outside the box' and look for solutions.

Have a go...

Can you build your own model car (or vehicle) with wheels that work? You could even get it to propel itself. For an idea, watch <https://youtu.be/STI3JCwdOIY>
