

Focus on... Design Technology

#130

On this day...

in 1969, Boeing 747 airliner took its first test flight piloted by test pilots Jack Waddell and Brien Wygle at the controls.

Did you know...

The oldest door is made of oak and is located in Westminster Abbey. It is over 900 years old and was put in place during the reign of Edward the Confessor (1042-1066). Made from one tree, it is six and a half feet high and four feet wide.

Go explore...

Bamboo is a grass that has been used to create a fabric that hangs much like a heavy linen. Can you find out what the properties of bamboo are and why it makes a good fabric?

Picture this...

Many shredded cheeses and cereals contain cellulose. Cellulose is essentially sawdust and is often used in various shredded cheese products and cereals to prevent them from clumping.
