

# Focus on... Science

#135

On this day...

in 1954, the first mass vaccination of children against polio with the Salk vaccine began in Pittsburgh, Pennsylvania.

Did you know...

Giraffes are ruminants. This means that they have more than one stomach. In fact, giraffes have four stomachs.

Go explore...

What does climate change mean?

Picture this...

How is the poinsettia different to other flowering plants?
