

Focus on... Design Technology

#187

On this day...

in 1889, Aircraft designer Igor Sikorsky, who successfully developed the helicopter, was born in Kiev, Ukraine, Russian Empire.

Did you know....

Electricity was discovered by the ancient Greeks who demonstrated that rubbing fur against amber led to a mutual attraction between the two materials. However, it was not until 1800 that Alessandro Volta produced a steady electrical current.

What are?

- circuits
- resistors
- motors
- electrons?

How do they help with producing electricity?

Picture this....

Bananas are technically berries — and strawberries are not. Bananas — along with cucumbers and kiwis are classed as berries, whereas strawberries, blackberries and raspberries are not.
