

Focus on... Computing

#211

On this day...

in 1994, the home computer industry was heating up. Intel Corp, announced the first of two price cuts on its microprocessors in a move designed to keep rival companies from taking a larger share of its market.

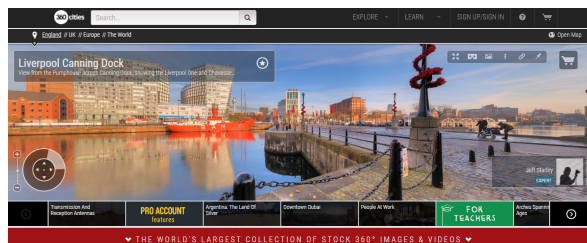

Did you know...

There are various ways (and online platforms) that can help you to become a touch typing whizz! Try <https://www.typingclub.com/> and in no time you will be typing as quick as Stella Pajunas (USA). Stella typed 216 words in a minute (still a world record) on an IBM machine in 1946.

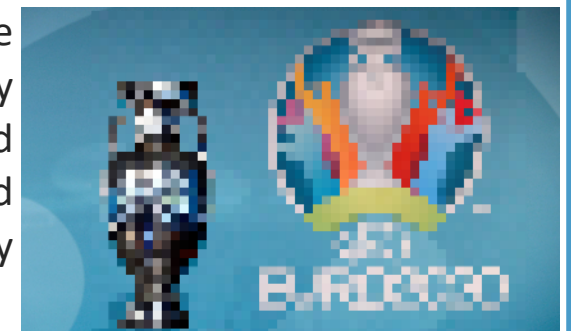

Go explore...

You may not be able to have a well-earned break this summer due to current restrictions by why not explore the planet via <https://www.360cities.net/>.

Picture this...

Might the trophy be fully downloaded in England on Sunday 11th July?
