

Focus on... Mathematics

#267

On this day...

Mathematical calculations suggest that it was on this day that Pluto moved from the ninth to the eighth most distant 'planet' from the Sun for the last time before 1979.

Did you know...

Adding up the numbers 1-100 consecutively (1+2+3+4+5...)

Go explore...

How thick one piece of A4 is. What if you folded it once? Twice? Four times? Is there a rule?

Picture this...

If you fold a piece of paper in half 103 times, it would be the thickness of the observable Universe.
