

# Focus on... Science

#280

## On this day...

in 1910, Elise Deroche was issued a pilot's license by the Aero Club de France, becoming the first woman pilot licensed. She had already made her first solo flight though, in 1909.

## Did you know...

Killer whales are actually dolphins. Despite their name, 'killer whales' or 'orcas', they are the largest members of the dolphin family.

## Go explore...

How would you stay warm in the Arctic?

## Picture this...

What if you had magnets for fingers?
