

Focus on... Design Technology

#291

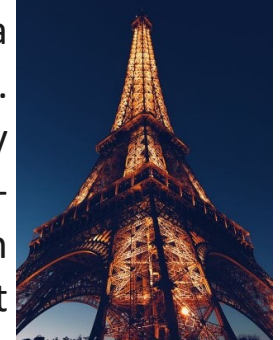

On this day...

in 1892, the first escalator was patented by inventor Jesse W Reno.

Did you know...

The Eiffel Tower has always been known for being a marvellous steel structure. Colour-wise, it was originally painted brownish-red for rust-related reasons. Every seven years a different coat of paint is applied to the tower.

Go explore...

There are 25 kinds of hand stitching documented as of 2017. Can you find out and name all of them?

Picture this...

The Mayan and Aztec cultures were the first to make 'hot chocolate'. This precursor to hot chocolate was used for religious ceremonies, including coming-of-age celebrations and weddings.
