

# Focus on... Mathematics

#300

On this day...

Today is National Numeracy Day. It will start with a GUINNESS WORLD RECORDS® attempt from 9:30 to 10:00. Join the live stream and help us get to 1500 people watching.

Did you know...

Numeracy is the ability to understand and use maths in daily life, at home, work or school. It doesn't mean complex skills, like algebra, it means being confident enough to use basic maths in real-life situations.

Go explore...

The National Numeracy Challenge has a free website to improve confidence with numbers. You can use the Challenge on your phone, tablet or home-computer. Save your progress as you go - no timer means you can dip in and out in your own time.
