

Food banks

Not all of us have the luxury of enjoying delicious dinners with the whole family every day. Most parents have to come home after a long day of work, and then cook for their families, then finally go to bed and wake up at six again to start their routine again - on and on. While some of the parents have the means to feed their children really well, others may struggle as they may not have necessary resources and time to feed their children. So why don't we help each other?

We are making an appeal to the families of Avanti to bring food, which they would like to share with other families through our **Food Banks**. The food which parents bring to the school will be kept in the Food Bank located at the school entrance. Other parents who are in need can take the food from the Food Bank for their families. We are all a part of the school community and we need to help each other.

The Food Bags will contain the food, which can be preserved easily, for example tinned food.

We hope with this initiative we can all avoid anyone going hungry in our Avanti family.

Share The Christmas

Ambassadors this year have chosen Great Ormond Street Hospital as their Charity.

We would like you to donate a toy (unused) this week. Do not worry if you do not own an unused toy we can still accept a small donation. If you are going to give a donation to your child, make sure they know to hand it over straight away to their teacher to prevent any mishaps, or at home time you can just easily hand over the money to your child's teacher. Ambassadors will accept all donations with a smile and GOSH will be humbly grateful. That is our guarantee!

Any toys that you will kindly give, must be suitable for young children. The money will help the hard working doctors succeed in carrying out their Hippocratic oath. So please, open your hearts and donate for these children.
