## Part A: Pupil premium strategy plan

#### Statement of intent

As an inclusive academy, our intention is to provide an inspirational and inclusive teaching and learning environment with outstanding teaching and learning. Our ultimate goal is that no child is left behind socially, or academically because of disadvantage.

We strive to remove low expectations, raise lifelong aspirations and focus on removing barriers to learning and achieve excellence so that our pupils become well-rounded human being through intellectual, moral and spiritual growth, and so make the world a better place.

Our Pupil Premium Plan aims to address the main barriers our children face and through rigorous tracking, careful planning and targeted support and intervention, provide all children the access and opportunities to enjoy academic success.
