

## England, Australia, India, Greece! Early Years teams compete to be named Sports Day winners for 2018!!!

Friday 22nd June was an exciting day for Reception pupils at Avanti House Primary School. Children and parents were engaged in fierce competition between countries as they competed in sporting activities and cheered on their teams toward success.

Children were organised into teams prior to the event and enjoyed creating national flags and learning more about their given country in readiness for the big day. Pupils also practised Sports Day events for two weeks leading up to the competition to ensure they had the confidence and skill to perform to their full potential.

The morning of the event saw pupils arriving in team colours as excitement took over classrooms and we spilled out into the playground to join our parent spectators. Pupils took part in all activities with immense concentration as they each cheered for their teams and encouraged one another.

Team Australia, led by chief flag bearer Mr Burns, were by far the loudest and proudest team present, while teams Greece and England, led by Miss D and Miss Parmar, gave them a run for their money with their buckets of enthusiasm. However it was Miss Raval's team India who won the day, scoring the most points across all five events. Team India were treated to a wonderful rendition of the Indian National Anthem by their biggest supporters, the parent spectators. A truly memorable moment indeed!

Special thanks go to all the wonderful parents who supported our fun Sports Day morning and the incredible staff who helped it to run so smoothly.
