

Pupil Premium Grant Action Plan 2018-19

Avanti House Primary School

Date: 2018 - 19

Proposed Pupil Premium Grant Expenditure Strategy: Report to Parents 2018-19

This report provides information on how the school used the Pupil Premium (PP) in the last academic year and the impact this had on our pupil's academic achievement and personal wellbeing. It also shows how we made sure that the provision for this group of pupils was of consistently high quality so that each action funded by PP should lead to improvements in pupils' development and learning and enable them to achieve high standards. In our school, we are ambitious for all our children and have high expectations of all. Every effort is made to ensure that the extra funding is used to best effect so that it makes a strong impact on children's learning, success and happiness.

Specific barriers to education that our children face

- Low literacy and or numeracy
- Low self-confidence, aspirations and resilience.
- Poor attendance and punctuality
- Social and emotional difficulties and challenges
- Insufficient family engagement with their schooling.

Strategic Plan for the Year ahead: Overview and Planned expenditure and expected outcomes

At Avanti House Primary School, we are committed to ensuring that each individual pupil receives the very best education allowing them to reach their full potential. When deciding how to spend the Pupil Premium Grant (PPG) it is important that we look at the barriers to learning faced by Pupil Premium pupils in the context of our school. Each child entitled to PPG is unique in their situation and our response to their needs must reflect this.

With this in mind we aim to use the funding to build the capacity and expertise to enable us to provide a personalised programme of support in order to allow each child to reach his/her full potential.

The progress and attainment of all pupils at Avanti House School is carefully tracked and analysed in order to draw conclusions and develop action plans. Historically pupils at Avanti House achieve and attain well. Our objectives are two fold in using PPG where necessary to narrow the attainment and achievement gap between those entitled to Pupil Premium and those not, but also to provide opportunities for PPG pupils to reach higher levels of attainment in line with those not entitled to PPG.

In order to narrow the gaps, we look at best practice and research. This leads us to conclude that the most effective ways to raise attainment for all and close the gaps for the most disadvantaged are through:

- *Improving the quality of provision across the board, in particular the quality of teaching in classrooms – we do this by (a) ensuring our staff are well-trained and have adequate time to carry out their roles and (b) ensuring good support in each class to rapidly address any underachievement.*
- *Carefully considered interventions and activities to target specific needs – we do this by having additional teaching and support staff who can put on specific interventions for particular groups.*
- *Increasing enjoyment of and participation in all aspects of school life – we will do this by further subsidising a range of activities and clubs.*
