

Teeth are not for biting my friends.

        
I will use my teeth for chewing my food.

          
If i bite my friends, they will be hurt. I will

    
need to say sorry to them.

      
My teachers and adults will be very sad.

         
If i need to bite, I will use my chewy toy.
