

# Careers Programme

Primary

Year 7

Year 8

- Careers information embedded into our curriculum allowing subject staff to provide information about careers in their field of expertise.
- Careers education provided as an integral part of our PSHE lessons, including challenging stereotypes and raising aspirations.
- A focus on careers during National Careers Week, held in March each year, including visits from professionals in every class.
- The Avanti Way supports pupils to build integrity and self-discipline and encourages them to consider how they can make the world a better place, whilst fulfilling their potential.

- Provide opportunities for employers to visit the school to give students experiences of the world of work.
- Organise visits to or from employers.
- Ensure students and parents/carers have access to comprehensive information on future education and career pathways and labour market information.
- Pupils begin considering their GCSE options.
- Tracking careers learning with online tools.
- Visits to and from local further and higher educational institutions.
- Talks from Independent Training Advisors.
- Speakers for Schools: Age appropriate online webinars with professionals from a range of careers.

- One-to-one careers interviews.
- Further support choosing GCSE options.
- Activities to support transition to KS4.
