CRAFT CLUB

Hi! I'm Helen Mepham and I've been running the craft club for 3 years.

The club meets on Mondays from 3.15-4.15 and is open for year groups 6, 7 & 8. There is the possibility of two clubs, if demand requires.

We do a mix of projects from work that takes a week or two to making something that could take weeks. I try to use different materials, so students get a taste for sewing or mosaic or willow or general craft-y-ness. Children DO love making! Groups are no bigger than 12, unlucky 13 at most! The cost is £10 per child per week, payable half termly.

If you want to know more or book a provisional place, please email me: helenmepham@gmail.com. Look forward to hearing from you.

When you book your child/children into the club, you give permission for me to collect your child/children at the end of school and take them to the club.

Guitar with Andy Hawkings

Andy is a QTS teacher with over 20 years of teaching experience and is currently the secondary music teacher at Avanti Park. Andy teaches all styles of guitar, following both the Rockscool guitar syllabus and the Trinity Classical guitar syllabus, teaching students how read standard music notation and TAB along the way. Alternatively, Andy also delivers bespoke, tailor made lessons that utilise his complete knowledge of the fretboard, his love of singing and his self-developed number note method of notation. For young guitarists, Andy always starts with the fantastic books - Guitar Basics and Guitar Basics Repertoire. Andy has developed a very clear method for teaching the guitar online, giving the student everything they need to feel in complete control of their learning and ensuring that lessons can continue, should anything happen in these uncertain times.
