Avanti Fields School is a new all-through school (4-16) with two-forms of entry in primary and six-forms of entry at secondary. The school will be growing incrementally year by year to a full cohort of 1,320; the first intake of Year 7 pupils will be in September 2018. The first Reception intake is to be confirmed.

This is a unique opportunity to help develop a new and innovative school, which will be shaped by three key elements for both students and staff:

- *Educational excellence*
- *Character formation*
- *Spiritual insight*

The school will be growing incrementally year by year to a full cohort of 1,320; the first intake of Year 7 pupils will be in September 2018. As such we want to create and build a staff team at Avanti Fields School which is relentlessly focused on improving the achievement and opportunities for our pupils. All staff that work at the school will need to subscribe to our ethos and values and seek to improve and develop their own practice and performance for the benefit of our pupils.

Avanti Fields is part of the growing family of Avanti schools. Avanti schools are Hindu-designated faith schools. However, staff and students at Avanti House School do not originate from any specific faith background; applications are welcome from practitioners of any faith and from those of none. They will, however, be expected to be in full sympathy with the unique ethos and vision of the School.

We are looking to recruit an enthusiastic science technician who possesses the following:

- Has the ability to communicate effectively, both orally and in writing;
- Has the ability to work creatively as an individual and as part of a team;
- Has experience and an excellent track record in the field of health and safety in a support role;
- Is confident and competent in using computers;
- Is able to cope with periods of pressure and prioritise workload accordingly so that deadlines are met.
