# Part A: Pupil premium strategy plan

## Statement of intent

A school which is part of the Avanti Schools Trust, our intention is to provide quality first teaching and learning through developing educational excellence, character development and spiritual insight.

Our aim is for no child to be left behind due to disadvantage. We strive to remove low expectations, raise lifelong aspirations and focus on removing barriers to learning and achieve excellence so that our pupils become well-rounded human beings through intellectual, moral and spiritual growth, and so make the world a better place.

Our plan aims to address the main barriers our children face and through rigorous tracking, careful planning and targeted support and intervention, provide all children with access to enrichment and cultural opportunities and to enjoy academic success and personal growth through targeted interventions.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	To develop early intervention and SaLT for EYFS/Y1/Y2
2	To continue to invest in the arts and enrichment activities for all children.

4	To develop vocabulary through speaking, listening and developing reading fluency across the school.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.
