

Risk Assessment Overview

Details

School: Krishna Avanti Primary Harrow

Department:

Whole School

Risk Assessment Title:

General Risk Assessment – Coronavirus COVID 19

Schools Compliance measures with “Implementing protective measures in Education and Childcare settings”.

Version 2 – 30/08/20

Who is at Risk?

People at Direct Risk:

Staff, Pupils and Visitors

Other People Who Could be Affected:

Parents

Summary of Risk

What is your assessment of the risk before the ACTION PLAN is completed?:

High risk

X Medium risk

X Low risk

What will the level of risk be after the ACTION PLAN is completed?:

High risk

Medium risk

X Low risk

Note: if the risk is still classified as ‘High’, even if you were to complete the action plan, then the hazard should be neutralised immediately (e.g. by stopping the activity or making the area safe) and the school safety co-ordinator and the relevant manager should be informed.

Assessment and Action Plan

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
<p>Individual risk factors meaning staff / pupils more vulnerable to COVID-19</p>	<p>Direct transmission of the virus to well individuals</p> <p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Shielding for those who are extremely clinically vulnerable pauses on 1st August (subject to continued decline in transmission) and the Government will no longer be advising these individuals shield.</p> <p>Staff / students who previously were shielding able to return to school. School to discuss arrangements / concerns with individuals and provide assurance of controls in place. Individual risk assessments will be conducted where required to determine if additional measures are required.</p> <p>Some individuals under the care of specialist health professionals may need to discuss care at their next planned clinical appointment before returning. Those pupils unable to attend school because they are following clinical and/or Public Health advice (e.g. a letter from their consultant) will be provided with remote education.</p> <p>Existing individual health care plans in place for pupils/students to be reviewed.</p> <p>Clear message sent to parents that students should not be sent into school if unwell for both Covid-19 and any other illnesses/symptoms.</p>	<p>Liaise with colleagues returning from maternity leave and those who have been shielding. If necessary, seek HR advice</p>	<p>BR 01/09/20</p>

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
Individual risk factors meaning staff / pupils more vulnerable to COVID-19	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Staff Wider government advice remains to work from home where possible. Limited school roles where this will be the case, roles which are able to do so effectively will be considered.</p> <p>Individuals classed as clinically vulnerable or extremely clinically vulnerable to have a risk assessment undertaken on their role and ability to maintain social distancing. Consider if these staff are able to work remotely or in areas / roles where maintaining social distancing is easier.</p> <p>Any existing individual risk assessments to be reviewed. See COVID-19: guidance on shielding and protecting people defined on medical grounds as extremely vulnerable</p>		
School occupants coming into contact with those with Coronavirus symptoms	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>School community clear on symptoms of coronavirus: high temperature (37.8 deg C or more), a new continuous cough or a loss of, or change, in their normal sense of taste or smell. Stay at home: guidance for households with possible or confirmed coronavirus (COVID-19) infection followed. These have been communicated to all.</p> <p>No symptomatic individuals to present on site.</p>		

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>In the event of a suspected case whilst working on site</p> <p>Ensure SLT / Head are notified.</p> <p>Individual goes home immediately (if awaiting collection by their parent, isolate child in a room behind a closed door, or an area at least 2m away from others, open a window for ventilation) and self-isolate.</p> <p>School staff supervising the child while they await collection should wear PPE (a fluid resistant surgical mask, type IIR) if a distance of 2m cannot be maintained.</p> <p>If direct care (such as for a very young child or a child with complex needs) is required then staff giving care to wear a fluid resistant surgical mask (type IIR), disposable apron and gloves</p>		

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Clear message to parents that if a student is unwell at school they are to be sent home or collected immediately.</p> <p>Anyone who has had contact with those with symptoms to wash hands thoroughly. All areas occupied and equipment used by the affected person are to be thoroughly cleaned and disinfected (see PHE cleaning advice https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings)</p> <p>Testing Staff / pupils who develop symptoms should be tested. Testing is most sensitive within 3 days of symptoms developing. Guidelines on who can get tested and how to arrange for a test can be found in the COVID-19: getting tested guidance.</p> <p>Tests can be booked online through the NHS https://www.nhs.uk/conditions/coronavirus-covid-19/testing-and-tracing/</p> <p>By the autumn term, all schools will be provided with a small number of home testing kits which can be provided to parents/carers collecting a child who has developed symptoms at school, or staff who have developed symptoms at school, where providing one will significantly increase the likelihood of them getting tested.</p> <p>Positive case in school In the event of a positive case the local health protection team will be contacted and their advice followed. Public Health England East of England 0300 303 8537 opt 1 https://www.gov.uk/guidance/contacts-phe-health-protection-teams#east-of-england-hpt</p> <p>Records kept of pupils and staff in each group.</p>	<p>We have received 10 kits. They have been stored safely and will be allocated where the need arises</p>	

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
<p>General Transmission of COVID-19</p> <p>Ineffective hygiene protocols</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Welfare facilities are provided which contain suitable levels of soap and paper towels. All persons to wash hands with soap regularly and thoroughly, for at least 20 seconds. Hand washing technique to be adopted as directed by NHS guidance posters in place to reinforce this.</p> <p>Alcohol hand sanitiser used to reduce congestion at toilets / where soap and water is not available. Review existing levels / location of hand sanitiser stations.</p> <p>Alcohol hand sanitiser provided at reception / entrance/exit points; student entrance /reception and should be used by all persons when entering/leaving.</p> <p>Additional hand sanitiser within classrooms where required e.g. for Early years children returning from the toilet where hand washing will not be as robust. Build use into routines staff and pupil routines e.g. on arrival, when returning from breaks, when changing rooms, before / after eating.</p> <p>Site staff to regularly clean the hand washing facilities and check consumables. Provide suitable and sufficient rubbish bins for hand towels with regular removal and disposal.</p> <p>Ensure adequate supplies of soap, hand sanitiser and paper towels and these should be securely stored.</p> <p>Catch it, kill it, bin it message reinforced. Tissues will be provided for classrooms. Staff to replenish as needed. Staff / students to use tissues when coughing or sneezing and then place the used tissue in the bin before washing hands. (lidded bins in classrooms / other locations for disposal of tissues and other waste)</p>	<p>Count number of lidded bins across school that are required</p>	

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
<p>General Transmission of COVID-19</p> <p>Ineffective cleaning</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Documented cleaning schedule in place.</p> <p>Enhanced cleaning schedule implemented throughout the site during school day, ensuring that frequent contact points, e.g. door handles, taps, flush handles, toilet door handles, bannisters, telephones, keyboards etc. are all cleaned and disinfected regularly.</p> <p>Shared areas and rooms that are used by different groups will require more frequent cleaning / cleaning between groups.</p> <p>Where toilets are shared between different groups these must be cleaned regularly (focus on high contact surfaces) and the importance of thorough hand washing reinforced.</p> <p>Cleaning materials (e.g. disinfectant spray / wipes) available to staff. Manufacturer's instructions for dilution, application, PPE and contact times for all detergents and disinfectants to be followed.</p> <p>Only cleaning products supplied by the school / contract cleaners are to be used. School to obtain the risk assessment from contract cleaning staff for assurance on social distancing measures and their schedule / methods for cleaning the school site.</p> <p>Thorough cleaning of rooms at the end of the day.</p> <p>In the event of a suspected case / confirmed positive case on site For disinfection (e.g. following a suspected case) use a combined detergent disinfectant solution at a dilution of 1000 parts per million (ppm) available chlorine (av.cl.) or a neutral purpose detergent followed by disinfection (1000 ppm av.cl.). See PHE advice COVID-19: cleaning of non-healthcare settings guidance</p>	<p>Note further guidance on general cleaning is expected by Public Health England before Autumn term</p> <p>Posters around the school</p> <p>Cleaning during lunchtimes Liaise with Ashutosh Bhardwaj</p> <p>Liaise with Ashutosh Bhardwaj</p>	

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>When cleaning a contaminated area: Cleaning staff to: Wear disposable gloves and apron Wash their hands with soap and water once they remove their gloves and apron Wear a fluid resistant surgical mask (Type IIR) if splashing likely Hands should be washed with soap and water for 20 seconds after all PPE has been removed. PPE to be double-bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished. Any cloths and mop heads used must be disposed of as single use items.</p>		
Emergency procedures (Fire alarm activations etc)	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Emergency evacuations are to take place following social distancing principles as far as is reasonably practicable (this will be impacted during evacuation, but will be for short period). Maintain groups / bubbles at assembly points. Increased supervision and reiteration of messages to occupants</p>	Review plans with RT and Wardens	
Deliveries & Waste collection.	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Do not approach delivery staff, allow packages to be left in a safe place. Hands are to be thoroughly washed after handling all deliveries or waste materials. Waste collections made when the minimum number of persons are on site (i.e. after normal opening hours).</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
<p>General Transmission of COVID-19</p> <p>Minimising contact and Maintenance of social distancing</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Determine the nature and size of your distinct groups (year group bubbles) and document the approach being taken i.e. class bubbles, year group bubbles etc. (these should be as small as practicable to reduce transmission risk whilst delivering the full curriculum).</p> <p>Groups to remain clear and consistent. Document how these groups will be kept apart from others.</p> <p>Limiting interaction between groups by: Staggering breaks and lunch; Minimise rooms / spaces being shared across groups; Cleaning shared spaces between use by different groups; No groups are coming together for assemblies, events / school fairs, school trips etc. Wider assemblies / collective worship conducted via video link. Continue to use social distancing wherever possible (more emphasis on this is likely with older children).</p> <p>Where staff move across groups hands to be washed / sanitised before and after and social distancing should be maintained, aim for 2m from other staff and adults as far as is reasonable. Ideally the teaching space should be 2m from pupils, where this is within 1m then change layout / increase space at the front of the class to attain 1m+.</p> <p>Keep space at front of class for SLT to enter and be present whilst maintaining social distancing.</p> <p>Staff to avoid close face to face contact and minimise time spent within 1 metre of anyone</p>	<p>Ongoing monitoring of movement around school and ability of groups to remain apart.</p> <p>Determine any pinch points, congested corridors etc and review controls to keep groups apart.</p> <p>Limit gatherings</p>	

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Remain in class groups for the majority of the time. Pupils sitting side by side rather than face to face Zone school assigning groups to different areas Groups to keep to their zoned area as far as possible, movement only to specialist rooms where necessary. Teachers move between classed wherever possible. Staggered timetable / timetable specialist rooms to keep groups apart; SLT supervise corridor / communal areas during changeover to facilitate.</p> <p>Extra-curricular clubs determine if these are essential and ensure delivery replicates school groups / bubbles.</p>		
<p>Premises safety</p>	<p>Staff, Students / pupils</p> <p>Wider safeguarding / safety risks</p>	<p>Ensure all 'normal' tasks / compliance checks are being carried out/planned such as fire alarm testing, legionella controls, servicing of equipment, PAT testing etc. Ensure all key services are operational</p> <p>Legionella Follow normal practices for re-opening after summer holiday period. i.e. where weekly flushing of outlets has not taken place then chlorination / flushing of whole system should take place.</p> <p>Ensure key fire doors are not being compromised / wedged open (those protected stairwells, cross corridor, on single directional routes etc.)</p>		

		<p>Hiring and lettings risk assessments on delivery required from providers, suspend if controls are not as robust as the school's / social distancing (2m) cannot be maintained.</p> <p>Review hirers activity against existing Government restrictions. See https://www.gov.uk/government/publications/further-businesses-and-premises-to-close/further-businesses-and-premises-to-close-guidance for details of business which remain closed (including as at July 7th this included indoor fitness and dance, indoor sports facilities and gyms).</p> <p>Breakfast and afterschool clubs – risk assessments on delivery required from providers, suspend if controls are not as robust as the school's.</p> <p>Provision should where possible replicate the groups (bubbles) in place during the school day to minimise potential transmission between the school's groups. Where such clubs bring children together across year groups review the space/ layout and maximum occupancy to achieve social distancing (ideally 2m between children from different groups).</p> <p>As with physical activity during the school day, contact sports should not take place.</p> <p>Music Existing advice is to limit singing, playing wind or brass instruments etc. Even if at a distance. No playing / singing in groups of >15 (no larger school choirs / ensembles etc.). Consider if small groups in music lessons can take place outside / or with improved ventilation. Ensure 2m physical distancing for staff and pupils. No face to face contact (pupils back-to-back or side-to-side) No sharing of wind / brass instruments</p>	<p>No LETS</p> <p>No Clubs after school</p> <p>Follow HMS guidelines</p> <p>Further DfE guidance on music delivery expected</p>	
		<p>PE / school sport PE subject lead / head of PE to review existing risk assessments and schemes of work to include management of COVID-19 risks.</p> <p>Pupils to be kept in consistent groups, sports equipment to be thoroughly cleaned between each use by different groups, and contact sports avoided.</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
		<p>Outdoor sports prioritised where possible, and large indoor spaces used where it is not, maximising distancing between pupils. Build in time for handwashing / sanitising before / after lesson.</p> <p>See advice from Association for Physical Education https://www.gov.uk/government/publications/coronavirus-covid-19-guidance-on-phased-return-of-sport-and-recreation/guidance-for-providers-of-outdoor-facilities-on-the-phased-return-of-sport-and-recreation.</p>		
<p>Face Covering Pupils wearing face covering in school may inadvertently increase the risk of transmission</p>	<p>Staff, Students / pupils / wider contacts</p>	<p>Face coverings - Wearing a face covering or face mask in schools or other education settings is not recommended – however, Schools should have a process for removing face coverings when pupils and staff who use them arrive at school and this should be clearly communicated</p>	<p>To ensure that pupils are instructed to appropriately dispose of their face covering immediately on arrival to school, washing their hands before heading to their classroom</p>	

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
<p>Access to & egress from site</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Introduce staggered start and finish times to reduce congestion and contact at all times. Review access points, open up alternative gates. Allocate groups different times / entrance points. Communicate changes and allocated times to parents / pupils.</p> <p>Monitor site access points to facilitate social distancing – may need to change the number of access points, either increase to reduce congestion or decrease to enable monitoring.</p> <p>Discourage parents picking up their children from gathering at the school gates. Introduce visual aids to help parents socially distance / supervise entry and collection. Introduce floor markings to aid social distancing (e.g. tape or survey spray) where controlled queuing will be expected. Communicate expectations to parents.</p> <p>Consider one-way traffic through external doors to avoid face to face passing.</p> <p>Visitors Ensure all visitors / building users are aware of school's expectations. They must follow social distancing, hand washing / use of sanitiser on entry and adhere to any restrictions on accessing parts of the building stipulated by the school.</p> <p>Volunteers, temporary / supply staff, sports coaches and other providers are briefed on school's arrangements for managing and minimising risk, including need to maintain distance (2m where possible) from other staff and pupils.</p>	<p>See letter that explains school's approach. Adjust if necessary after trialling out</p> <p>Adults advised to wear face masks when entering school premises</p>	

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
		<p>Where visits can happen outside of school hours, they should. A record should be kept of all visitors to aid track and trace. Signage in reception regarding good hygiene. Use of Perspex screens for open receptions and tape / visual markers to reinforce social distancing (2 m where possible)</p> <p>Staff / pupils On arrival all staff and students to wash hands using nearest available toilet or use the sanitiser provided at their point of entry.</p>		
Lack of awareness of PHE / school controls	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>All staff consulted on plans and risk assessment.</p> <p>Posters will be displayed in the reception, welfare areas and in suitable places around site.</p> <p>Clear briefing for all personnel on site, warning them of the risks posed by the virus as well as the control measures outlined in this assessment and from government guidance.</p> <p>Volunteers, peripatetic, temporary / supply staff, sports coaches and other providers are briefed on school's arrangements for managing and minimising risk, including need to maintain distance (2m where possible) from other staff and pupils.</p>		

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
<p>Contact points Equipment use printers, workstations, apparatus, machinery etc.</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Parents to ensure children have their own water bottles in school to reduce contact with water fountains.</p> <p>Regularly clean and disinfect common contact surfaces in reception, office, access control etc. (screens, telephone handsets, desks).</p> <p>Staff and pupils have their own basic equipment (pens, pencils etc.) to avoid sharing.</p> <p>Activities and resources</p> <p>Classroom resources which are shared within groups (bubbles) are cleaned regularly; Those shared across groups must be cleaned between use</p> <p>Minimise all unnecessary sharing of resources, taking books home etc.</p> <p>Use of shared resources between groups to be minimised, resources allocated to individual groups where possible. Otherwise all resources shared across groups must be cleaned before / after use e.g. library books, chrome books, laptops, I pads, PE equipment etc.) or 'quarantined' (for 48 hrs, 72 hours for plastic) before being used by another group.</p> <p>Build cleaning into end of lesson activity routines.</p> <p>Schools to ensure anti-bacterial wipes are available in all rooms and teacher to ensure students wipe down after use. If student too young then arrangements for staff etc. to clean.</p>		

What are the hazards	<p>What might happen?</p> <p>Who might be harmed and how?</p>	Controls	<p>ACTION PLAN</p> <p>If 'No' - give details as to how and when the measure will be implemented and by whom</p> <p>Complete?</p>	
<p>Proximity of students/ staff</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Staff are to maintain a safe distance between each other (2 metres wherever possible)</p> <p>Rooms to be kept as well ventilated as possible (opening windows) or via ventilation units. (where mechanical ventilation is present adjust these to full fresh air where possible)</p> <p>Consider opportunities for outdoor learning to assist in social distancing.</p> <p>Staff to follow social distancing guidance in offices/staff rooms/close working in rooms etc i.e. 2m wherever possible.</p> <p>Where staff need to move between classes and year groups, they should try and keep their distance from pupils and other staff as much as they can, ideally 2 metres from other adults.</p> <p>Meetings / 1-2-1's / training Limit face to face meetings to those which are essential. Ensure these are conducted in large enough areas to maintain social distancing; or via electronic means (Microsoft Teams etc.)</p> <p>Staff rooms Review occupancy levels and layout to facilitate social distancing Set maximum occupancy, staff to stagger use to enable distancing.</p>		
		<p>Office This can present risk of transmission if allowed to be accessed by other people other than staff</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Stairs / corridors Minimise groups (bubbles) transitioning at the same time to ensure brief contact. (passing briefly in circulation spaces is a low risk) Implement one-way system (where possible e.g. multiple routes / stairs) Stagger use and numbers using circulation spaces at the same time. Avoiding multiple groups queuing in same shared areas/ narrow corridors etc.</p> <p>Changing rooms Reduce numbers needing to use by allowing pupils to wear PE kit to school.</p> <p>Introduce enhanced cleaning of all facilities throughout the day and at the end of each day. Clean contact surfaces between use by different groups.</p> <p>Provide suitable and sufficient rubbish bins in these areas with regular removal and disposal.</p>		
	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Break / Playgrounds Avoid any group activities that require pupils to be in close physical contact with each other. Limit group interaction by clearly zoning areas and staggering breaks. Use playing fields when weather permits. Brief all staff on expectations. Increased supervision to aid enforcement of social distancing as far as is reasonable. Outdoor play equipment to be cleaned between use by different groups.</p>		

<p>Prasadam use / Dining/ lunchtimes</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Break times staggered to reduce congestion and contact between groups. Rota for use of dining areas</p> <p>Reinforce handwashing prior to eating food. Hand sanitiser should be available at the entrance of any room where people eat and should be used by all persons when entering and leaving the area.</p> <p>Kitchen and dining use Food operators continue to follow Food Standard Agency’s (FSA) guidance on good hygiene practices in food preparation and their Hazard Analysis and Critical Control Point (HACCP) processes.</p> <p>Pupils to enter dining area in their allocated groups.</p> <p>Discuss provision and delivery with Catering provider. Consider change to meal provision, delivery of lunches to groups in classes etc. <i>(This could include a change in menu provision, amount of drinks and food in chillers and how to avoid touching neighbouring products, merits of self-service v service by catering staff. An increase in pre-prepared and wrapped food to reduce use of crockery, utensils etc.)</i></p> <p>Drinking water should be provided with enhanced cleaning measures of the tap mechanism introduced.</p> <p>All rubbish and waste should be put straight in the bin by the user and not left for someone else to clear up.</p> <p>All areas used for eating must be thoroughly cleaned between groups and at the end of each break and shift, including chairs, door handles etc</p>	<p>Currently lunch is given in a paper bag as a “grab bag”</p> <p>Own Water bottles</p>	
<p>Transport / Travel off site</p>	<p>Staff, Students / pupils / wider contacts</p> <p>Spread of COVID 19</p>	<p>Encourage walking / cycling to school Review travel plan</p> <p>Public transport All persons to limit their use of public transport and if this is not possible individuals should follow government advice on the wearing of face coverings. (mandated from 15th June) Guidance on how to wear and make a cloth face covering is available.</p>	<p>Liaise with Harrow travel plan arrangements where necessary</p>	

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
		<p>Where business travel via car is required use private single occupancy where possible.</p> <p>Minibus use Used by those within same school group / bubble, reduce numbers on board to aid distancing. Vehicles to be cleaned after each group's use / between drivers etc. (sanitiser / disinfectant wipes to be available on the vehicle). Regular cleaning of vehicle contact points (handles, keys, display and controls etc.) – in-particular where vehicles are shared between drivers / groups. Use hand sanitizer on entering / leaving vehicle. Windows to be open for ventilation. Staff to wear disposable gloves when refueling.</p>	If needed when on trips	
Contractors	Contractors, Staff, Students / pupils / wider contacts, Spread of COVID 19	<p>All contractors will read and comply with signs in reception regarding good hygiene.</p> <p>Staff and contractors are to maintain a safe distance between themselves and others (2 metres where practical).</p> <p>All contractors are to wash their hands or use alcohol-based hand sanitiser upon entering the site.</p> <p>Agree approach to scheduled / ongoing building works.</p> <p>Where works can be conducted outside of the school day they should be.</p> <p>Site inductions are to be carried out following social distancing principles.</p> <p>School's to seek confirmation of the contractors method statement / risk assessment.</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
Provision of first aid	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>It is accepted that social distancing cannot be maintained during the delivery of first aid, but physical contact should be kept to a minimum e.g. pupils apply cold pack, wipe, plaster where able to do so. Wash hands before / after treatment.</p> <p>Those administering first aid should wear PPE appropriate to the circumstances. Where the injury was significant and thus required close care for an extended period then it would be reasonable to provide PPE. See also 'provision of personal care' and 'Suspected case whilst working on site'.</p> <p>First aiders to be aware of advice on CPR from The Resuscitation Council https://www.resus.org.uk/media/statements/resuscitation-council-uk-statements-on-covid-19-coronavirus-cpr-and-resuscitation/covid-community/</p> <p>First aid rooms can be very busy and are often small rooms. Schools should make arrangement for only one person being treated in the first aid room at a time and allocate another room / area as a waiting/collection area.</p> <p>If daily medication is administered from 1st aid rooms then consider if this needs relocating to reduce demand on space.</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
Provision of personal care	Staff, Students / pupils / wider contacts Spread of COVID 19	<p>Additional PPE in place if required e.g. for intimate care, to be risk assessed and to be based on nature of task and level of contact (e.g. disposable apron, gloves, fluid resistant surgical mask and if there is a risk of splashing to the eyes, coughing, spitting, vomiting then eye protection should be worn.)</p> <p>Where a child falls ill with Coronavirus symptoms whilst on site (new continuous cough, high temperature cough or a loss of, or change, in your normal sense of taste or smell.) then school staff supervising the child while they await collection should wear PPE (a fluid resistant surgical mask) if a distance of 2m cannot be maintained.</p> <p>If direct care (such as for a very young child or a child with complex needs) is required then staff giving care to wear a fluid resistant surgical mask, disposable apron and gloves.</p>		

What are the hazards	What might happen? Who might be harmed and how?	Controls	ACTION PLAN	
			If 'No' - give details as to how and when the measure will be implemented and by whom	Complete?
<p>Failing to effectively clean the school will increase the risk of transmission through touching contaminated surfaces and/or spreading the virus throughout the building via other means i.e. on contaminated shoes</p> <p>Virus on surfaces up to 72 hours</p>	<p>Staff</p> <p>Pupils</p> <p>Visitors</p> <p>Contractors</p>	<p><u>Deep Cleaning</u> Will be carried out every Friday. The building will not be occupied during deep cleaning</p> <p><u>Daily Cleaning</u> The building will be sanitised twice daily, minimum, and in accordance with Government guidelines</p> <p><u>Cleaning workstations</u> These will be cleaned during the cleaning cycle. This risk assessment has been produced as a generic template for Schools to follow to give them a start on ensuring they are meeting the recommendations held in the guidance documents given above. This risk assessment does not take into account any specific circumstances found at your school which may mean you will have difficulty meeting the recommendations. It is important that you identify these “hazards” and conduct a specific risk assessment to identify the management controls required at your school.

These specific hazards can be added to this risk assessment. You are free to use this risk assessment how you see fit and make the appropriate alterations necessary to your school.

This risk assessment will remain under review by SafetyMARK to address any changes in Government / Public Health England advice. Updated risk assessments will be created and added to the Resource Library you have access to as soon as practicable.
